The work of the Nomination Committee and motivated statement for the Annual General Meeting 2022

Composition and assignment

The composition of the Nomination Committee was announced on 8 December 2021, in accordance with the resolution of the Extraordinary General Meeting on 24 September 2021, consisting of two persons appointed by the A-shareholders and a representative from each of the two, by number of votes, largest B-shareholders/owner groups who do not own any A-shares and who have notified their wish to be part of the Nomination Committee. The Nomination Committee consists of Liv Gorosch (appointed by the A-shareholders, Chairman), Ronnie Bergström (appointed by the A-shareholders), Dick Bergqvist (appointed by AMF) and Monica Åsmyr (appointed by Swedbank Robur Fonder). Further, Elisabeth Thand Ringqvist is co-opted to the Nomination Committee as Chairman of the Board of Directors. The four owner representatives represent approximately 60 per cent of the total number of votes in Storskogen. The Nomination Committee has been responsible for producing proposals regarding Chairman to the Annual General Meeting, number of Board members, election of Board members, Chairman of the Board of Directors and auditor as well as remuneration to the Board of Directors, Committees of the Board and auditor.

Work

The Nomination Committee has held 3 meetings where minutes have been kept to prepare proposals to the Annual General Meeting 2022 and has kept in contact between meetings. The Nomination Committee has been informed of the internal Board evaluation which was conducted in 2021 and has held individual interviews with all members of the Board, as well as the CEO, during early 2022. The interviews have been conducted without presence of the Chairman of the Board. The Nomination Committee has also interviewed potential Board candidates.

Motivation to proposed Board composition

The evaluation of the Board and its work, as well as the discussions held with the members of the Board, proves that the Board of Directors is well positioned and the members of the Board are deemed to have appropriate experiences and competences within material aspects for the company, such as strategic and financial matters, and sustainability. The Nomination Committee has, after discussions with the proposed members of the Board and evaluation of their other assignments, concluded that they have sufficient time available to fulfil their duties as members of the Board of Storskogen.

The Nomination Committee has discussed the recommendations regarding diversity and gender equality as set out in the Swedish Code of Corporate Governance (the “**Code**”) and has chosen to apply Section 4.1 of the Code as diversity policy in developing the proposal for Board of Directors. This means that the Board of Directors shall have, with regards to the company’s operations, phase of development and other relevant circumstances, appropriate composition, characterised by diversity and width in terms of the competence,

experience and background of the Board members elected by the General Meeting as well as a gender balance. The proposed Board consists of two women and three men, corresponding to a gender division of 40/60 per cent. The Nomination Committee therefore believes that a gender balance has been accomplished and that the Board of Directors has an otherwise appropriate and strong composition with respect to the operations of Storskogen.

The Nomination Committee has evaluated the independence of the proposed members of the Board and deems Johan Thorell, Bengt Braun, Louise Hedberg and Anette Brodin Rampe to be independent in relation to the company, company management and the company's major shareholders. Alexander Murad Bjärgård is considered dependent in relation to the company, company management and the company's major shareholders. The proposed members of the Board therefore meet the requirements set out in the Code regarding that a majority of the Board members elected by the General Meeting should be independent in relation to the company and company management.

The Nomination Committee has compared Board remuneration to other listed companies of similar size and complexity. The remuneration levels should be competitive in order to secure that Storskogen can attract and retain Board members with the right competence. The Nomination Committee proposes to increase the remuneration to the Chairman of the Board and to the members of the Board in accordance with the proposal as well as the remuneration to the members of the Audit Committee and the members of the Remuneration Committee.

The registered audit firm EY has acted as auditor in the company since 2019, and from 2021 with Åsa Lundvall as the auditor in charge. The Nomination Committee proposes, in accordance with the proposal from the Audit Committee, to re-elect EY as Auditor. The Nomination Committee further proposes that fees to the Auditor are continued to be paid in accordance with approved invoices in accordance with the proposal of the Audit Committee.
